Impact of Economic slow down on the Current Budget

*235. SHRI CO. POULOSE: Will the Minister of FINANCE be pleased to state:

(a) whether it is a fact that the economic slowdown has already begun to affect public finances and is likely to have an impact on the budget of the current fiscal year as well; and

(b) if so, the Government's reaction in this regard?

THE MINISTER OF FINANCE (SHRI YASHWANT SINHA): (a) and (b) The gross fiscal deficit of the Central Government during the period April-June 2001, at Rs. 42198 crore was 36.3 per cent of the budgeted estimate of 2001-02 compared with Rs. 25073 crore, constituting 22.5 per cent of the budgeted amount in the corresponding period last year. The higher fiscal deficit during April-June 2001 mainly reflects contraction in net revenue receipts after devolution of Central taxes to the States and also front loading of certain expenditure including advances to States. The estimates of Quarterly Gross Domestic Product for the first quarter (April-June 2001) are yet to be available and it is too early to make an assessment on the outcome of the Union Budget, 2001-02 based on the Union Government Accounts for the period April-June, 2001. The trends in the Central Government finances are closely monitored, kept under constant review and appropriate measures are taken in the light of emerging trends as and when necessary.
